PATENT

REMARKS

An Examiner's amendment was mailed on October 28, 2005. Claims 1, 3, 7 and 13 have been amended order to comply with the Examiner's Amendment.

These amendments add no new matter and are supported by the claims as originally filed. Applicants submit that no additional search or examination is required as the subject matter of the claims was present in the claims as filed and was already searched. These amendments were not presented earlier because they were necessitated by the Examiner's Amendment and Notice of Allowance. The claims as amended are patentable because they are directed to novel and non-obvious compounds, compositions, and methods. The entry of these amendments is earnestly solicited.
